

SCANDIA BARREL TILE

Scandia tile is synonymous with clay roof tile from northern Europe. Its wide pan and low profile barrel offer a unique and subtle roof texture suitable for a wide range of architectural styles. For a higher profile and more dramatic appearance consider one of Ludowici's Spanish tiles. Scandia tiles are available in all standard and custom colors, mists and blends offered by Ludowici. See our *Colors of Ludowici* brochure for more information about our extensive color program.
